### Introduction

The Vandal Proof IP Dome is an outdoor camera designed with IK10 vandal resistance and IP67 ingress protection. With its motorized varifocal lens, the user can zoom and focus the camera from the Web interface. The camera can support H.265 video codec to achieve better compression ratio while maintaining high quality pictures at reduced network bandwidths. For night operations, the camera allows up to 30 m (98.42 ft) IR effective distance. GV-VD4712 is capable of not only providing a color live view in near darkness but also under contrasting light intensities with its super low lux CMOS image sensor and WDR Pro.
