HP Color LaserJet Pro MFP M183fw (7KW56A)

Active as of 2020/02/01

Overview

An efficient, wireless MFP with fax for high-quality colour and productivity. ¹ Save time with Smart Tasks in HP Smart app, and print and scan from your phone. ³ Get seamless connections and security essentials to help maintain privacy and control.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
