

Square tube bracket

Nemtek brackets are made to a high standard to maximise security and ensure long life in the field. The level of security achieved is directly affected by the choice of bracket, the number of wires forming the electrical barrier and the distance between the brackets. Nemtek offers a large range of brackets to suit most wall types and applications. They are made from steel and are finished in a high quality outdoor powder coating, or are hot-dip galvanised for coastal conditions. Our factory can manufacture different types of designs and finishes on request

Specifications:

- Square tube
- Straight and angled
- 6, 8, 10 or 12 wires
- Powder coated finish
- 995 mm, 1195 mm, 1395 mm or 1 595 mm long
- Associated insulator: flat bar insulator
- Available in black or white
