

Wizord 2i

E-WIZ2I

The Wizord energizers have been field tested for many years and boast unsurpassed reliability. Simple to install and easy to maintain.

Features

- 2 Joule output energy (single zone)
- Robust and flexible design for home security
- Built-in alarm monitors tampering or faults on the high voltage and earth fence wires
- Connectable to armed response radio or GSM module
- Lightning and power surge protection
- Intelligent power saving to extend battery life
- Easy-to-use tag included for controlling the energizer
- Powered by 240V mains and includes built-in battery for back-up power
- Built-in gate alarm input to monitor if the gate is open or closed

Specifications:

Enclosure size: L285 x W212 x D120

Weight excluding battery (7AH): 3.1kg

Weight including battery (7AH): 5.3kg

IP rating: IPx4

Operating temperatures: -10°C to 50°C

Operating humidity: < 80% non-condensing

Electrical supply voltage: 240V

Typical power consumption (normal operating conditions): 17VA

Standby time (fully charged battery): 24hrs

Energy output 500 Ohms load: 2.0 Joule

Open circuit voltage: 7 400V
