

AUTO DOOR SENSOR

DA-303S

HIGH-DENSITY DETECTION PATTERN(32 ZONES/4 ROWS)
 INSTALLATION HEIGHT UP TO 3m
 SLIM DESIGN WITH 28.5mm THICK BODY

HIGH DENSITY DETECTION PATTERN

*High-density detection pattern with 4 rows in depth and 8 areas per line (32 zones in total) enables DA-303S to surely detect passengers.

*Each line can be turned off with dip switch, so DA-303S can meet many detection area at narrow and wide space.

*Body angle can be selected by 0° or 5°.

*Detection width can be also adjusted by dip switch.

PRESENCE TIMER SELECTABLE

Selectable for ∞ • 60sec. • 10sec. • 2sec.

With ∞ setting, 1st and 2nd rows are set to ∞ and 3rd and 4th rows to 2sec.

SLIM DESIGN WITH 28.5mm THICK BODY

In case using with electric shutter, slim body reduces the possibility that the shutter scrubs DA-303S.

ENVIRONMENTAL LEVEL ADJUSTMENT

Stable detection even in rain, snow, floor surface change or in the flying insects situation is kept by "snow mode".

Frequency setting

Four separate selectable frequencies enables 4 sensors to be installed in the small space without crosstalk.

2 WAY POWER SYSTEM

DA-303S is powered by AC100V or AC/DC12-24V.

Active Infrared Motion & Presence Sensor for Automatic Door

SPECIFICATIONS

| Model | ACTIVE INFRARED MOTION & PRESENCE SENSOR |
|--------------------------|--|
| Model No. | DA-303 |
| Power supply | DC12 ~ AC110V ± 10% |
| Power consumption | AC100V 2.4VA or less DC12V 80mA or less |
| Operation LED | (1) Power-on/Standby : Green (2) Detection : Red (3) Hunting door : Orange (4) Reset wait : Orange rapidly blinking |
| Contact output | Dry contact relay N.O. DC50V 0.1A(Resistive load) |
| Ambient temperature | -20°C ~ +60°C |
| Detection system | Active near infrared |
| Max. installation height | 3.0m |
| Sensitivity adjustment | Available by volume switch |
| Depth area setting | (1) Body angle change Selectable 0°/5° (2) Dip switch setting 1/2/3/4 Rows adjustment |
| Width setting | Selectable Normal/Narrow |
| Frequency | 4 channels selectable |
| Environmental level | Selectable Normal/Level 1/Level 2/Level 3 by Dip switch |
| Output holding time | Approx. 0.5sec. |
| Presence timer | Selectable 2 sec/10 sec/60 sec/∞ by Dip switch |
| Automatic reset | Approx. 6 sec. after Dip switch setting during pwoer-on |
| Installation site | Indoor, semi-outdoor : Transom |
| Weight | 180g |

* Specifications and design are subject to change without prior notice.

Limited Warranty :

TAKEX products are warranted to be free from defects in material and workmanship for 12 months from original date of shipment. Our warranty does not cover damage or failure caused by Acts of God (including inductive surge by lightning), abuse, misuse, abnormal usage, faulty installation, improper maintenance or any repairs other than those provided by TAKEX. All implied warranties with respect to TAKEX, including implied warranties for merchantability and implied warranties for fitness, are limited in duration to 12 months from original date of shipment. During the Warranty Period, TAKEX will repair or replace, at its sole option, free of charge, any defective parts returned prepaid. Please provide the model number of the products, original date of shipment and nature of difficulty being experienced. There will be charges rendered for product repairs made after our Warranty period has expired.
