

Druid two-zone keypad

EE-DR.LCD/KP/2Z

The Druid energizer can also be controlled and programmed with the optional LED two-zone keypad. The energizer can be installed near the fence and the keypad can be located where it is most convenient for the user

Features:

- Up to two keypads can be connected to one energizer
- The fence voltage outputs can be adjusted using the keypad
- The siren and gate outputs can be bypassed using the keypad
- The two-zone keypad can be used with any of these energizer models: D25LCD, D28LCD

Specifications:

Size: L130mm X 105mm X H30mm

Weight: 180grams

Supply: 12V (from the energiser)
